Isha Gupta

Computer Science and Engineering | CGPA 9.1 | Graduation 2026

SUMMARY

Software engineering student with a strong foundation in algorithms and backend systems.

SKILLS

Java, Data Structures, Algorithms, Spring Boot, SQL, Docker, AWS, Git, REST APIs

PROJECTS

Library Service: developed a Spring Boot REST service with SQL persistence and automated tests.

PROJECTS

Task Scheduler: implemented graph-based scheduling and optimized data structures.

EXPERIENCE

Backend Engineering Trainee, University Systems Lab. Assisted with Java services and database design.

EDUCATION

B.Tech in Computer Science and Engineering, expected 2026. CGPA 9.1/10.

Synthetic demonstration resume for CampusLink PS03. Not a real applicant record.
