Kabir Singh

Electronics and Communication Engineering | CGPA 6.8 | Graduation 2026

SUMMARY

Electronics student interested in embedded systems, IoT and applied software development.

SKILLS

Python, C++, IoT, Embedded Systems, MQTT, Linux, Microcontrollers, Git

PROJECTS

Smart Greenhouse: connected environmental sensors to a microcontroller and published telemetry over MQTT.

PROJECTS

Device Monitor: wrote Python utilities to inspect sensor readings and generate status reports.

EXPERIENCE

Embedded Systems Project Assistant, Electronics Lab. Tested sensor modules and documented results.

EDUCATION

B.Tech in Electronics and Communication Engineering, expected 2026. CGPA 6.8/10.

Synthetic demonstration resume for CampusLink PS03. Not a real applicant record.
